| Archetypes   |   |
|--|---|
| Scarred Witch Doctor   | [Paizo Inc. - Advanced Race Guide, p.140] |
| The scarred witch doctor draws power from her ability to endure pain and suffering. She mutilates her own flesh, inflicting horrific scars, in order to attract the attention of her patron. Rather than call forth a familiar, she creates a repulsive fetish mask that she uses as a repository for her power. |   |

| Traits   |   |
|--|---|
| Indomitable Faith  | [Paizo Publishing - Ultimate Campaign]        |
| You were born in a region where your faith was not popular, but you still have never abandoned it. Your constant struggle to maintain your own faith has bolstered your drive. You gain a +1 trait bonus on Will saves.      |   |
| Reactionary  | [Paizo Inc. - Advanced Player's Guide, p.328] |
| You were bullied often as a child, but never quite developed an offensive response. Instead, you became adept at anticipating sudden attacks and reacting to danger quickly. You gain a +2 trait bonus on Initiative checks. |   |

| Special Qualities   |  |
|---|--|
| Bonus Witch Spell (2x)  | [Paizo Inc. - Advanced Race Guide]           |
| Add one spell from the witch spell list to the witch's familiar. This spell must be at least one level below the highest spell level she can cast. If the witch ever replaces her familiar, the new familiar knows these bonus spells.  |  |
| Cackle (Su)   | [Paizo Inc. - Advanced Player's Guide, p.66] |
| The witch can cackle madly as a move action. This hex can be used only once per round. Any creature that is within 30 feet that is under the effects of an agony hex, charm hex, evil eye hex, fortune hex, or misfortune hex caused by the witch has the duration of that hex extended by 1 round. |  |
| Cantrips  | [Paizo Inc. - Advanced Player's Guide, p.65] |

You can prepare a number of cantrips, or 0-level spells, each day. These spells are cast like any other spell, but they are not expended when cast and may be used again.

**Darkvision (Ex)** [Paizo Inc. - Bestiary]

Range 60 ft.; Darkvision is the extraordinary ability to see with no light source at all, out to a range specified for the creature. Darkvision is black and white only (colors cannot be discerned). It does not allow characters to see anything that they could not see otherwise-invisible objects are still invisible, and illusions are still visible as what they seem to be. Likewise, darkvision subjects a creature to gaze attacks normally. The presence of light does not spoil darkvision.

**Deception Patron** [Paizo Inc. - Advanced Player's Guide]

**Deliver Touch Spells (Su)** [Paizo Inc. - Advanced Player's Guide, p.69]

Your familiar can deliver touch spells or hexes for you. If you and your familiar are in contact at the time you cast the touch spell, you can designate your familiar as the "toucher". Your familiar can then deliver the touch spell just as you would. As usual, if you cast another spell before the touch is delivered, the touch spell dissipates. If you activate a hex, your familiar can be used to make the touch. You do not have to be in contact with your familiar to use this ability.

**Evil Eye (Su)** [Paizo Inc. - Advanced Player's Guide, p.66]

The witch can cause doubt in the mind of a foe within 30 feet that you can see. The target takes a -2 penalty on one of the following (witch's choice): AC, ability checks, attack rolls, saving throws, or skill checks. This hex lasts for 10 rounds. A Will save reduces this to just 1 round. This is a mind-affecting effect.

**Fetish Mask (Su)** [Paizo Inc. - Advanced Race Guide, p.140]

A scarred witch doctor forms a bond with a wooden mask. As she gains power, her connection to this mask causes it to grow ever more hideous and grotesque as it absorbs the weight of the self-induced pain that underlies her magic. Her spells derive from the insights her patron grants her while she's enduring the cuts, burns, and other sorts of mutilations she inflicts upon herself. Her fetish mask acts in all ways like a witch's familiar for the purpose of preparing and gaining spells. Rather than communing with a familiar to prepare spells each day, a scarred witch doctor hangs her mask on a wall, tree branch, or something similar and contemplates the agony it represents. When wearing her fetish mask, a scarred witch doctor gains a +2 circumstance bonus on Heal and Intimidate checks and gains a +2 bonus on saving throws against effects that specifically cause pain or have the pain descriptor. If the mask is destroyed, the witch doctor can create another fetish mask (which almost immediately adopts the shocking appearance of the original) for the same price and time it takes a witch to replace a dead familiar.

**Fetish Mask (Su)** [Paizo Inc. - Advanced Race Guide, p.140]

The scarred witch doctor gains the ability to add magical abilities to her mask as if she had the Craft Wondrous Item feat.

**Fierce Intelligence** [Paizo Inc. - Advanced Race Guide]

A scarred witch doctor treats her Intelligence score as 2 points higher when determining the highest level of spells she can cast, the number of spells she can cast per day, her spell save DCs, her number of spells known at 1st level, and any effects of her hexes determined by her Intelligence. BONUS:STAT

**Grand Hexes** [Paizo Inc. - Advanced Race Guide, p.141]

The following grand hexes complement the scarred witch doctor archetype: death curse, natural disaster, dire prophecy.

**Hex** [Paizo Inc. - Advanced Player's Guide]

Witches learn a number of magic tricks, called hexes, that grant them powers or weaken foes. At 1st level, a witch gains one hex of her choice. She gains an additional hex at 2nd level and for every 2 levels attained after 2nd level, as noted on Table 2-10. A witch cannot select an individual hex more than once. Unless otherwise noted, using a hex is a standard action that does not provoke an attack of opportunity. The save to resist a hex is equal to 10 + 1/2 the witch's level + the witch's Intelligence modifier. Witches learn a number of magic tricks, called hexes, that grant them powers or weaken foes. Unless otherwise noted, using a hex is a standard action that does not provoke an attack of opportunity. The save to resist a hex is 19.

**Hexes** [Paizo Inc. - Advanced Race Guide, p.141]

The following hexes complement the scarred witch doctor archetype: evil eye, misfortune, scar, unnerve beasts.

**Hex Scar** [Paizo Inc. - Advanced Race Guide, p.140]

Whenever a scarred witch doctor learns a hex, she must carve or brand a symbol in her flesh to represent this hex. She can disguise these scars with mundane or magical means, but they cannot be permanently removed.

**Humanoid Traits (Ex)** [Paizo Inc. - Core Rulebook, p.308]

Humanoids breathe, eat, and sleep.

**Intimidating (Ex)** [Paizo Inc. - Core Rulebook, p.25]

Half-orc receive a +2 racial bonus on Intimidate skill checks due to their fearsome nature.

**Major Hexes** [Paizo Inc. - Advanced Race Guide, p.141]

The following major hexes complement the scarred witch doctor archetype: agony, nightmare, cook people, infected wounds.

**Orc Blood (Ex)** [Paizo Inc. - Core Rulebook, p.25]

Half-orc count as both humans and orcs for any effect related to race.

**Orc Ferocity (Ex)** [Paizo Inc. - Core Rulebook, p.25]

1/day, when a half-orc is brought below 0 hit points, but not killed, he can fight on for one more round as if disabled. At the end of his next turn, unless brought to above 0 hit points, he immediately falls unconscious and begins dying.

**Scarshield (Su)** [Paizo Inc. - Advanced Race Guide, p.141]

A scarred witch doctor learns how to harden her mutilated skin, gaining an enhancement bonus to her natural armor bonus equal to 2. She can use this ability for 5 minutes per day. These minutes do not need to be consecutive but she must spend them in 1-minute increments. This ability replaces the witch's 1st-level hex.

**Slumber (Su)** [Paizo Inc. - Advanced Player's Guide, p.66]

If the creature fails a will save, it falls into a deep, magical sleep for 5 rounds. This hex can affect a creature of any HD.

**Weapon Familiarity (Ex)** [Paizo Inc. - Core Rulebook, p.25]

Half-orcs are proficient with greataxes and falchions, and treat any weapon with the word "orc" in its name as a martial weapon.

**Witch Patron Spells** [Paizo Inc. - Advanced Player's Guide]

At 1st level, when a witch gains her familiar, she must also select a patron. This patron is a vague and mysterious force, granting the witch power for reasons that she might not entirely understand. While these forces need not be named, they typically hold influence over one of the following forces. At 2nd level, and every two levels thereafter, a witch's patron adds new spells to a witch's list of spells known. These spells are also automatically added to the list of spells stored by the familiar. Spells marked with an asterisk (\*) appear in Chapter 5 of this book. The spells gained depend upon the patron chosen. Each patron is listed by its theme. Its actual name is up to the GM and the witch to decide.

**Feats**

**Accursed Hex** [Paizo Inc. - Ultimate Magic, p.143]

You can make a second attempt at failed hexes.

When you target a creature with a hex that cannot target the same creature more than once per day, and that creature succeeds at its saving throw against the hex's effect, you can target the creature with the same hex a second time before the end of your next turn. If the second attempt fails, you can make no further attempts to target that creature with the same hex for 1 day.

**Extra Hex** [Paizo Inc. - Advanced Player's Guide, p.160]

You have learned the secrets of a new hex.

You gain one additional hex. You must meet all of the prerequisites for this hex.

Special - You can gain Extra Hex multiple times.

| <b>[V, S] TARGET:</b> One personal rune or mark, all of which must fit within 1 sq. ft.; <b>EFFECT:</b> This spell allows you to inscribe your personal rune or mark, which can consist of no more than six characters. The writing can be visible or invisible. An arcane mark spell enables you to etch the rune upon any substance without harm to the material upon which it is placed. If an invisible mark is made, a detect magic spell causes it to glow and be visible, though not necessarily understandable. See invisibility, true seeing, a gem of seeing, or a robe of eyes likewise allows the user to see an invisible arcane mark. A read magic spell reveals the words, if any. The mark cannot be dispelled, but it can be removed by the caster or by an erase spell. If an arcane mark is placed on a living being, the effect gradually fades in about a month. Arcane mark must be cast on an object prior to casting instant summons on the same object [see that spell description for details]. [SR:No]   |   |                   |                                    |                  |           |

| <b>[V, S] TARGET:</b> One living creature; <b>EFFECT:</b> You cause a living creature that is below 0 hit points but stabilized to resume dying. Upon casting this spell, you target a living creature that has -1 or fewer hit points. That creature begins dying, taking 1 point of damage per round. The creature can be stabilized later normally. This spell causes a creature that is dying to take 1 point of damage. [SR:Yes; DC:16, Will negates]  |   |                   |                                    |                  |           |
| □□□□ <b>Dancing Lights</b>  | Evocation [Light]                         | 1 standard action | 1 minute [D]                       | Medium (150 ft.) | CR:p.263  |
| <b>[V, S] TARGET:</b> Up to four lights, all within a 10-ft.-radius area; <b>EFFECT:</b> Depending on the version selected, you create up to four lights that resemble lanterns or torches [and cast that amount of light], or up to four glowing spheres of light [which look like will-o'-wisp], or one faintly glowing, vaguely humanoid shape. The dancing lights must stay within a 10-foot-radius area in relation to each other but otherwise move as you desire [no concentration required]: forward or back, up or down, straight or turning corners, or the like. The lights can move up to 100 feet per round. A light winks out if the distance between you and it exceeds the spell's range. You can only have one dancing lights spell active at any one time. If you cast this spell while another casting is still in effect, the previous casting is dispelled. If you make this spell permanent, it does not count against this limit. Dancing lights can be made permanent with a permanency spell. [SR:No]  |   |                   |                                    |                  |           |
| □□□□ <b>Daze</b>  | Enchantment (Compulsion) [Mind-Affecting] | 1 standard action | 1 round                            | Close (35 ft.)   | CR:p.264  |
| <b>[V, S, M] TARGET:</b> One humanoid creature of 4 HD or less; <b>EFFECT:</b> This spell clouds the mind of a humanoid creature with 4 or fewer Hit Dice so that it takes no actions. Humanoids of 5 or more HD are not affected. A dazed subject is not stunned, so attackers get no special advantage against it. After a creature has been dazed by this spell, it is immune to the effects of this spell for 1 minute. | <b>[V, S] TARGET:</b> Cone-shaped emanation; <b>EFFECT:</b> You detect magical auras. The amount of information revealed depends on how long you study a particular area or subject. 1st Round: Presence or absence of magical auras. 2nd Round: Number of different magical auras and the power of the most potent aura. 3rd Round: The strength and location of each aura. If the items or creatures bearing the auras are in line of sight, you can make Knowledge [arcana] skill checks to determine the school of magic involved in each. Make one check per aura; DC 15 + spell level, or 15 + 1/2 caster level for a nonspell effect. If the aura emanates from a magic item, you can attempt to identify its properties [see Spellcraft]. Magical areas, multiple types of magic, or strong local magical emanations may distort or conceal weaker auras. Aura Strength: An aura's power depends on a spell's functioning spell level or an item's caster level; see the accompanying table. If an aura falls into more than one category, detect magic indicates the stronger of the two. Lingering Aura: A magical aura lingers after its original source dissipates [in the case of a spell] or is destroyed [in the case of a magic item]. If detect magic is cast and directed at such a location, the spell indicates an aura strength of dim [even weaker than a faint aura]. How long the aura lingers at this dim level depends on its original power: Original Strength   Duration of Lingering Aura Faint   1d6 rounds Moderate   1d6 minutes Strong   1d6 x 10 minutes Overwhelming   1d6 days Outsiders and elementals are not magical in themselves, but if they are summoned, the conjuration spell registers. Each round, you can turn to detect magic in a new area. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it. | <b>[V, M/DF] TARGET:</b> Object touched; <b>EFFECT:</b> This spell causes a touched object to glow like a torch, shedding normal light in a 20-foot radius, and increasing the light level for an additional 20 feet by one step, up to normal light [darkness becomes dim light, and dim light becomes normal light]. In an area of normal or bright light, this spell has no effect. The effect is immobile, but it can be cast on a movable object. You can only have one light spell active at any one time. If you cast this spell while another casting is still in effect, the previous casting is dispelled. | <b>[V, S] TARGET:</b> One object of up to 5 lb.; <b>EFFECT:</b> This spell repairs damaged objects, restoring 1d4 hit points to the object. If the object has the broken condition, this condition is removed if the object is restored to at least half its original hit points. All of the pieces of an object must be present for this spell to function. Magic items can be repaired by this spell, but you must have a caster level equal to or higher than that of the object. Magic items that are destroyed [at 0 hit points or less] can be repaired with this spell, but this spell does not restore their magic abilities. | <b>[V, S, F] TARGET:</b> 5 creatures; <b>EFFECT:</b> You can whisper messages and receive whispered replies. Those nearby can hear these messages with a DC 25 Perception check. You point your finger at each creature you want to receive the message. When you whisper, the whispered message is audible to all targeted creatures within range. Magical silence, 1 foot of stone, 1 inch of common metal [or a thin sheet of lead], or 3 feet of wood or dirt blocks the spell. The message does not have to travel in a straight line. It can circumvent a barrier if there is an open path between you and the subject, and the path's entire length lies within the spell's range. The creatures that receive the message can whisper a reply that you hear. The spell transmits sound, not meaning; it doesn't transcend language barriers. | <b>[V, S] TARGET:</b> 5 cu. ft. of food and water or one potion; see text; <b>EFFECT:</b> This spell causes otherwise edible food to rot and spoil instantly, and water and other liquids to become brackish and undrinkable. Holy water and similar food and drink of significance are spoiled by putrefy food and drink, but the spell has no effect on creatures of any type, nor upon unholy water. Water weighs about 8 pounds per gallon. One cubic foot of water contains roughly 8 gallons and weighs about 60 pounds. | <b>[V, S, F] TARGET:</b> You; <b>EFFECT:</b> You can decipher magical inscriptions on objects-books, scrolls, weapons, and the like-that would otherwise be unintelligible. Furthermore, once the spell is cast and you have read the magical inscription, you are thereafter able to read that particular writing without recourse to the use of read magic. | <b>[V, S] TARGET:</b> One humanoid creature; <b>EFFECT:</b> This charm makes a humanoid creature regard you as its trusted friend and ally [treat the target's attitude as friendly]. If the creature is currently being threatened or attacked by you or your allies, however, it receives a +5 bonus on its saving throw. The spell does not enable you to control the charmed person as if it were an automaton, but it perceives your words and actions in the most favorable way. You can try to give the subject orders, but you must win an opposed Charisma check to convince it to do anything it wouldn't ordinarily do. [Retries are not allowed.] An affected creature never obeys suicidal or obviously harmful orders, but it might be convinced that something very dangerous is worth doing. Any act by you or your apparent allies that threatens the charmed person breaks the spell. You must speak the person's language to communicate your commands, or else be good at pantomiming. | [V, S, M] TARGET: | One humanoid creature; <b>EFFECT:</b> This spell causes instant growth of a humanoid creature, doubling its height and multiplying its weight by 8. This increase changes the creature's size category to the next larger one. The target gains a +2 size bonus to Strength, a -2 size penalty to Dexterity [to a minimum of 1], and a -1 penalty on attack rolls and AC due to its increased size. A humanoid creature whose size increases to Large has a space of 10 feet and a natural reach of 10 feet. This spell does not change the target's speed. If insufficient room is available for the desired growth, the creature attains the maximum possible size and may make a Strength check [using its increased Strength] to burst any enclosures in the process. If it fails, it is constrained without harm by the materials enclosing it-the spell cannot be used to crush a creature by increasing its size. All equipment worn or carried by a creature is similarly enlarged by the spell. Melee weapons affected by this spell deal more damage [see Table: Tiny and Large Weapon Damage]. Other magical properties are not affected by this spell. Any enlarged item that leaves an enlarged creature's possession [including a projectile or thrown weapon] instantly returns to its normal size. This means that thrown and projectile weapons deal their normal damage. Magical properties of enlarged items are not increased by this spell. Multiple magical effects that increase size do not stack. Enlarge person counters and dispels reduce person. Enlarge person can be made permanent with a permanency spell. A target who can speak and has at least one free hand and who is aware of the spell and its effects [such as from a Spellcraft check to identify the spell as it is cast] can negate one reroll by spending a move action to utter a brief prayer or good luck charm to appease the spirits of ill fortune. | [S] TARGET:       | One sheathed or slung weapon; <b>EFFECT:</b> You lock a weapon in place on its owner's body, or within the weapon's sheath or holster. Anyone who then tries to draw the weapon must spend a standard action and succeed at a Strength check [DC equal to the saving throw DC] to do so, provoking attacks of opportunity whether the attempt succeeds or fails. [SR:Yes (object); DC:17, Will negates (object)]   |   |                   |                              |                  |           |

| [V, S, M] TARGET: | One humanoid creature; <b>EFFECT:</b> This spell causes instant diminution of a humanoid creature, halving its height, length, and width and dividing its weight by 8. This decrease changes the creature's size category to the next smaller one. The target gains a +2 size bonus to Dexterity, a -2 size penalty to Strength [to a minimum of 1], and a +1 bonus on attack rolls and AC due to its reduced size. A Small humanoid creature whose size decreases to Tiny has a space of 2-1/2 feet and a natural reach of 0 feet [meaning that it must enter an opponent's square to attack]. A Large humanoid creature whose size decreases to Medium has a space of 5 feet and a natural reach of 5 feet. This spell doesn't change the target's speed. All equipment worn or carried by a creature is similarly reduced by the spell. Melee and projectile weapons deal less damage. Other magical properties are not affected by this spell. Any reduced item that leaves the reduced creature's possession [including a projectile or thrown weapon] instantly returns to its normal size. This means that thrown weapons deal their normal damage [projectiles deal damage based on the size of the weapon that fired them]. Multiple magical effects that reduce size do not stack. Reduce person counters and dispels enlarge person. Reduce person can be made permanent with a permanency spell. [SR:Yes; DC:17, Fortitude negates]  |   |                   |                              |                  |           |

| [V, S, M] TARGET: | One or more living creatures within a 10-ft.-radius burst; <b>EFFECT:</b> A sleep spell causes a magical slumber to come upon 4 HD of creatures. Creatures with the fewest HD are affected first. Among creatures with equal HD, those who are closest to the spell's point of origin are affected first. HD that are not sufficient to affect a creature are wasted. Sleeping creatures are helpless. Slapping or wounding awakens an affected creature, but normal noise does not. Awakening a creature is a standard action [an application of the aid another action]. Sleep does not target unconscious creatures, constructs, or undead creatures. [SR:Yes; DC:17, Will negates]   |   |                   |                              |                  |           |

| [V, F] TARGET:    | Intelligible sound, usually speech; <b>EFFECT:</b> You can make your voice [or any sound that you can normally make vocally] seem to issue from someplace else. You can speak in any language you know. With respect to such voices and sounds, anyone who hears the sound and rolls a successful save recognizes it as illusory [but still hears it]. | [V, S] TARGET:                  | One dead spellcaster; <b>EFFECT:</b> By consuming 1 pint of blood from a spellcaster killed within the last 24 hours, you can attempt to learn a spell that spellcaster knew. Select one spell available to the dead spellcaster [this must be a spell on your spell list]; you gain the knowledge of this spell for 24 hours. During this time, you may write it down [or teach it to your familiar, if you are a witch] using the normal rules for copying a spell from another source. | [V, S, M (ground mica)] TARGET: | Creatures and objects within 10-ft.-radius spread; <b>EFFECT:</b> A cloud of golden particles covers everyone and everything in the area, causing creatures to become blinded and visibly outlining invisible things for the duration of the spell. All within the area are covered by the dust, which cannot be removed and continues to sparkle until it fades. Each round at the end of their turn blinded creatures may attempt new saving throws to end the blindness effect. Any creature covered by the dust takes a -40 penalty on Stealth checks. [SR:No; DC:18, Will negates (blinding only)]   |   |                   |   |                   |           |

| [V, S, M/DF] TARGET:            | You or a creature or object weighing no more than 500 lbs.; <b>EFFECT:</b> The creature or object touched becomes invisible. If the recipient is a creature carrying gear, that vanishes, too. If you cast the spell on someone else, neither you nor your allies can see the subject, unless you can normally see invisible things or you employ magic to do so. Items dropped or put down by an invisible creature become visible; items picked up disappear if tucked into the clothing or pouches worn by the creature. Light, however, never becomes invisible, although a source of light can become so [thus, the effect is that of a light with no visible source]. Any part of an item that the subject carries but that extends more than 10 feet from it becomes visible. Of course, the subject is not magically silenced, and certain other conditions can render the recipient detectable [such as swimming in water or stepping in a puddle]. If a check is required, a stationary invisible creature has a +40 bonus on its Stealth checks. This bonus is reduced to +20 if the creature is moving. The spell ends if the subject attacks any creature. For purposes of this spell, an attack includes any spell targeting a foe or whose area or effect includes a foe. Exactly who is a foe depends on the invisible character's perceptions. Actions directed at unattended objects do not break the spell. Causing harm indirectly is not an attack. Thus, an invisible being can open doors, talk, eat, climb stairs, summon monsters and have them attack, cut the ropes holding a rope bridge while enemies are on the bridge, remotely trigger traps, open a portcullis to release attack dogs, and so forth. If the subject attacks directly, however, it immediately becomes visible along with all its gear. Spells such as bless that specifically affect allies but not foes are not attacks for this purpose, even when they include foes in their area. Invisibility can be made permanent [on objects only] with a permanency spell. | [V, S, M] TARGET:               | 1 living creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> This spell functions like cause fear, except that it causes all targeted creatures of less than 6 HD to become frightened. | <b>[V, S, F] TARGET:</b> Creature touched; <b>EFFECT:</b> The subject can fly at a speed of 60 feet [or 40 feet if it wears medium or heavy armor, or if it carries a medium or heavy load]. It can ascend at half speed and descend at double speed, and its maneuverability is good. Using a fly spell requires only as much concentration as walking, so the subject can attack or cast spells normally. The subject of a fly spell can charge but not run, and it cannot carry aloft more weight than its maximum load, plus any armor it wears. The subject gains a bonus on Fly skill checks equal to 1/2 your caster level. Should the spell duration expire while the subject is still aloft, the magic fails slowly. The subject floats downward 60 feet per round for 1d6 rounds. If it reaches the ground in that amount of time, it lands safely. If not, it falls the rest of the distance, taking 1d6 points of damage per 10 feet of fall. Since dispelling a spell effectively ends it, the subject also descends safely in this way if the fly spell is dispelled, but not if it is negated by an antimagic field. <b>[SR:Yes (harmless); DC:19, Will negates (harmless)]</b> |  |                   |                            |                |           |

| <b>[V, M] TARGET:</b> One living creature; <b>EFFECT:</b> You influence the actions of the target creature by suggesting a course of activity [limited to a sentence or two]. The suggestion must be worded in such a manner as to make the activity sound reasonable. Asking the creature to do some obviously harmful act automatically negates the effect of the spell. The suggested course of activity can continue for the entire duration. If the suggested activity can be completed in a shorter time, the spell ends when the subject finishes what it was asked to do. You can instead specify conditions that will trigger a special activity during the duration. If the condition is not met before the spell duration expires, the activity is not performed. A very reasonable suggestion causes the save to be made with a penalty [such as -1 or -2]. <b>[SR:Yes; DC:19, Will negates]</b>   |  |                   |                            |                |           |
