Traits

Ear for Music (Shelyn) (Perform (Sing))

[Paizo Inc. - Advanced Player's Guide, p.333]

You spent countless hours of your youth in one of Shelyn's temples, listening to wonderful musicians and singers. You gain a +1 trait bonus on one category of Perform checks and a +2 trait bonus on any Knowledge (local) checks that deal with the local art or music scene.

Sacred Touch

[Paizo Publishing Ultimate Campaign]

You were exposed to a potent source of positive energy as a child, perhaps by being born under the right cosmic sign, or maybe because one of your parents was a gifted healer. As a standard action, you may automatically stabilize a dying creature merely by touching it.

Special Attacks

Channel Positive Energy (Su)

[Paizo Inc. - Core Rulebook, p.40]

You can unleash a wave of positive energy. You must choose to deal 6d6 points of positive energy damage to undead creatures or to heal living creatures of 6d6 points of

damage. Creatures that take damage from channeled energy receive a DC 20 Will save to halve the damage. You can use this ability 7 times per day.

### **Special Qualities**

Aura (Ex)

[Paizo Inc. - Core Rulebook, p.]

A cleric of a chaotic, evil, good, or lawful deity has a particularly powerful aura corresponding to the deity's alignment (see the detect evil spell for details)

Aura of Good (Ex) [Paizo Inc. - Core Rulebook]

You project an overwhelming good aura.

Aura of Protection (Su)

[Paizo Inc. - Core Rulebook, p.46]

You can emit a 30-foot aura of protection for 12 rounds per day. You and your allies within this aura gain a +2 deflection to AC resistance 5 against all elements (acid, cold, electricity, fire, and sonic). These rounds do not need to be consecutive.

Bit of Luck (Sp) [Paizo Inc. - Core Rulebook, p.45]

You can touch a willing creature as a standard action, giving it a bit of luck. For the next round, any time the target rolls a d20, he may roll twice and take the more favorable result. You can use this ability 9 times per day.

Darkvision (Ex) [Paizo Inc. - Bestiary]

Range 60 ft.: Darkvision is the extraordinary ability to see with no light source at all, out to a range specified for the creature. Darkvision is black and white only (colors cannot be discerned). It does not allow characters to see anything that they could not see otherwiseinvisible objects are still invisible, and illusions are still visible as what they seem to be. Likewise, darkvision subjects a creature to gaze attacks normally. The presence of light does not spoil darkvision.

Defensive Training (Ex)

[Paizo Inc. - Core Rulebook, p.21]

Dwarves get a +4 dodge bonus to AC against humanoid creatures of the giant subtype. Greed (Ex) [Paizo Inc. - Core

Rulebook, p.21] Dwarves receive a +2 racial bonus on Appraise skill checks made to determine the price of nonmagical goods that contain precious metals and gemstones.

Hardy (Ex) [Paizo Inc. - Core Rulebook, p.21]

Dwarves receive a +2 racial bonus on saving throws against poison, spells, and spelllike abilities

Hatred (Ex) [Paizo Inc. - Core Rulebook, p.21]

Dwarves receive a +1 bonus on attack rolls against humanoid creatures of the orc and goblinoid subtypes due to special training against these hated foes. Humanoid Traits (Ex) [Paizo Inc. - Core

Humanoids breathe, eat, and sleep

[Paizo Inc. - Core Rulebook, p.41]

You can prepare a number of orisons, or 0-level spells. These spells are cast like any other spells, but they are not expended when used and may be used again.

Resistant Touch (Sp)

[Paizo Inc. - Core Rulebook, p.46]

Rulebook, p.308]

As a standard action, you can touch an ally and grant them your +3 resistance bonus for 1 minute. When you use this ability, you lose your resistance bonus granted by the Protection domain for 1 minute. You can use this ability 9 times per day

Spontaneous Casting

[Paizo Inc. - Core Rulebook, p.41]

You can channel stored spell energy into healing spells that you did not prepare ahead of time. You can "lose" any prepared spell that is not an orison or domain spell in order to cast any cure spell of the same spell level or lower (a cure spell is any spell with "Cure" in its name)

Stability (Ex)

[Paizo Inc. - Core Rulebook, p.21]

Dwarves receive a +4 bonus to their Combat Maneuver Defense when resisting a bull rush or trip attempt while standing on the ground.

[Paizo Inc. - Core Steady (Ex) Rulebook, p.21]

Dwarves never have their speed reduced by armor or encumbrance.

Stonecunning (Ex)

[Paizo Inc. - Core Rulebook, p.21]

Dwarves receive a +2 bonus on Perception skill checks to notice unusual stonework, such as traps and hidden doors located in stone walls or floors. They receive a check to notice such features whenever they pass within 10 feet of them, regardless of whether or not they are actively looking.

Tugging Strands (Su)

[Paizo Inc. - Advanced Player's Guide, p.90]

At 8th level, you can force a creature within line of sight to reroll any one roll that it has just made before the result of the roll is revealed. The result of the reroll must be taken even if it is worse than the original roll. You can use this ability 1 times per day.

### Weapon Familiarity (Ex)

[Paizo Inc. - Core Rulebook, p.21]

Dwarves are proficient with battleaxes, heavy picks, and warhammers, and treat any weapon with the word "dwarven" in its name as a martial weapon.

#### **Feats**

#### Elemental Channel (Air, Earth, Fire)

[Paizo Inc. - Core Rulebook, p.122]

You can channel your divine energy to harm or heal outsiders that possess your chosen elemental subtype.

Instead of its normal effect, you can choose to have your ability to channel energy heal or harm outsiders of your chosen elemental subtype. You must make this choice each time you channel energy. If you choose to heal or harm creatures of your elemental subtype, your channel energy has no affect on other creatures. The amount of damage healed or dealt and the DC to halve the damage is otherwise unchanged.

#### Extra Channel

[Paizo Inc. - Core Rulebook, p.123]

You can channel divine energy more often.

You can channel energy two additional times per day.

#### Improved Channel

[Paizo Inc. - Core

Rulebook, p.126]

#### Selective Channeling

When you channel energy, you can choose 2 targets in the area. These targets are not affected by your channeled energy.

Staff Spell-like Abilities Range **Shield** Abjuration [Force] 1 standard action 15 minutes [D] CR:p.342 [V, S] TARGET: You; EFFECT: Shield creates an invisible shield of force that hovers in front of you. It negates magic missile attacks directed at you. The disk also provides a +4 shield bonus to AC. This bonus applies against incorporeal touch attacks, since it is a force effect. The shield has no armor check penalty or arcane spell failure chance 1 standard action 15 minutes Touch [V, S, M] TARGET: Creature touched; EFFECT: This spell creates a shimmering, magical field around the target that averts and deflects attacks. The spell grants the subject a +2 deflection bonus to AC, with an additional +1 to the bonus for every six levels you have [maximum +5 deflection bonus at 18th level]. [SR:Yes (harmless); DC:10, Will negates (harmless)] Abjuration [Lawful] Shield of Law [V, S, F] TARGET: 15 creatures in a 20-ft.-radius burst centered on you; EFFECT: A dim, blue glow surrounds the subjects, protecting them from attacks, granting them resistance to spells cast by chaotic creatures, and slowing chaotic creatures when they strike the subjects. This abjuration has four effects. First, each warded creature gains a +4 deflection bonus to AC and a +4 resistance bonus on saves. Unlike protection from chaos, this benefit applies against all attacks, not just against attacks by chaotic creatures. Second, a warded creature gains spell resistance 25 against chaotic spells cast by chaotic creatures. Third, the abjuration protects you from possession and mental influence, just as protection from chaos does. Finally, if a chaotic creature succeeds on a melee attack against a warded creature, the attacker is slowed [Will save negates, as the slow spell, but against shield of law's save DC]. [SR:Yes (harmless); DC:10, See text] Abjuration 1 standard action 15 hours [D] **Shield Other** [V, S, F] TARGET: One creature; EFFECT: This spell wards the subject and creates a mystic connection between you and the subject so that some of its wounds are transferred to you. The subject gains a +1 deflection bonus to AC and a +1 resistance bonus on saves. Additionally, the subject takes only half damage from all wounds and attacks [including those dealt by special abilities] that deal hit point damage. The amount of damage not taken by the warded creature is taken by you. Forms of harm that do not involve hit points, such as charm effects, temporary ability damage, level draining, and death effects, are not affected. If the subject suffers a reduction of hit points from a lowered Constitution score, the reduction is not split with you because it is not hit point damage. When the spell ends, subsequent damage is no longer divided between the subject and you, but damage already split is not reassigned to the subject. If you and the subject of the spell move out of range of each other, the spell ends. [SR:Yes (harmless); DC:10, Will negates (harmless)] =Domain/Speciality Spell Cleric Spells I EVEL PER DAY Concentration +18 LEVEL 0 / Per Day:4 / Caster Level:12 1 standard action □□□□□ Bleed Close (55 ft.) Instantaneous CR:p.249 [V, S] TARGET: One living creature; EFFECT: You cause a living creature that is below 0 hit points but stabilized to resume dying. Upon casting this spell, you target a living creature that has -1 or fewer hit points. That creature begins dying, taking 1 point of damage per round. The creature can be stabilized later normally. This spell causes a creature that is dying to take 1 point of damage. [SR:Yes; DC:16, Will negates] Conjuration (Creation) [Water] 1 standard action Instantaneous [V, S] TARGET: Up to 24 gallons of water; EFFECT: This spell generates wholesome, drinkable water, just like clean rain water. Water can be created in an area as small as will actually contain the liquid, or in an area three times as large-possibly creating a downpour or filling many small receptacles. This water disappears after 1 day if not consumed. Note: Conjuration spells can't create substances or objects within a creature. Water weighs about 8 pounds per gallon. One cubic foot of water contains roughly 8 gallons and weighs about 60 pounds. [SR:No] □□□□□Detect Magic 1 standard action [V, S] TARGET: Cone-shaped emanation; EFFECT: You detect magical auras. The amount of information revealed depends on how long you study a particular area or subject. 1st Round: Presence or absence of magical auras. 2nd Round: Number of different magical auras and the power of the most potent aura. 3rd Round: The strength and location of each aura. If the items or creatures bearing the auras are in line of sight, you can make Knowledge [arcana] skill checks to determine the school of magic involved in each. Make one check per aura: DC 15 + spell level, or 15 + 1/2 caster level for a nonspell effect. If the aura eminates from a magic item, you can attempt to identify its properties [see Spellcraft]. Magical areas, multiple types of magic, or strong local magical emanations may distort or conceal weaker auras. Aura Strength: An aura's power depends on a spell's functioning spell level or an item's caster level; see the accompanying table. If an aura falls into more than one category, detect magic indicates the stronger of the two. Lingering Aura: A magical aura lingers after its original source dissipates [in the case of a spell] or is destroyed [in the case of a magic item]. If detect magic is cast and directed at such a location, the spell indicates an aura strength of dim [even weaker than a faint aura]. How long the aura lingers at this dim level depends on its original Strength | Duration of Lingering Aura Faint | 1d6 rounds Moderate | 1d6 minutes Strong | 1d6 x 10 minutes

Overwhelming | 1d6 days Outsiders and elementals are not magical in themselves, but if they are summoned, the conjuration spell registers. Each round, you can turn to detect magic in a new area. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it. Detect magic can be made permanent with a permanency spell. [SR:No] 1 standard action Divination □□□□□ Detect Poison [V, S] TARGET: Or Area one creature, one object, or a 5-ft. cube; EFFECT: You determine whether a creature, object, or area has been poisoned or is poisonous. You can determine the exact type of poison with a DC 20 Wisdom check. A character with the Craft [alchemy] skill may try a DC 20 Craft [alchemy] check if the Wisdom check fails, or may try the Craft [alchemy] check prior to the Wisdom check. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it. [SR:No] Divination 1 standard action 1 minute or until discharged □□□□□ Guidance [V, S] TARGET: Creature touched; EFFECT: This spell imbues the subject with a touch of divine guidance. The creature gets a +1 competence bonus on a single attack roll, saving throw, or skill check. It must choose to use the bonus before making the roll to which it applies. [SR:Yes; DC:16, Will negates (harmless)] Evocation [Light, WoodSchool] 1 standard action 120 minutes [V, W/DF] TARGET: Object touched; EFFECT: This spell causes a touched object to glow like a torch, shedding normal light in a 20-foot radius, and increasing the light level for an additional 20 feet by one step, up to normal light [darkness becomes dim light, and dim light becomes normal light]. In an area of normal or bright light, this spell has no effect. The effect is immobile, but it can be cast on a movable object. You can only have one light spell active at any one time. If you cast this spell while another casting is still in effect, the previous casting is dispelled. If you make this spell permanent [through permanency or a similar effect], it does not count against this limit. Light can be used to counter or dispel any darkness spell of equal or lower spell level. □□□□□ Mending Transmutation [MetalSchool] 10 minutes Instantaneous CR:p.312 [V, S] TARGET: One object of up to 12 lb.; EFFECT: This spell repairs damaged objects, restoring 1d4 hit points to the object. If the object has the broken condition, this condition is removed if the object is restored to at least half its original hit points. All of the pieces of an object must be present for this spell to function. Magic items can be repaired by this spell, but you must have a caster level equal to or higher than that of the object. Magic items that are destroyed fat 0 hit points or less) can be repaired with this spell, but this spell does not restore their magic abilities. This spell does not affect creatures [including constructs]. This spell has no effect on objects that have been warped or otherwise transmuted, but it can still repair damage done to such items. [SR:Yes (harmless, object); DC:16, Will negates (harmless, object)] □□□□□Purify Food and Drink 1 standard action [V, S] TARGET: 12 cu. ft. of contaminated food and water; EFFECT: This spell makes spoiled, rotten, diseased, poisonous, or otherwise contaminated food and water pure and suitable for eating and drinking. This spell does not prevent subsequent natural decay or spoilage. Unholy water and similar food and drink of significance is spoiled by purify food and drink, but the spell has no effect on creatures of any type nor upon magic potions. Water weighs about 8 pounds per gallon. One cubic foot of water contains roughly 8 gallons and weighs about 60 pounds. [SR:Yes (object); DC:16, Will negates (object)]

□□□□□Read Magic Divination 1 standard action 120 minutes

[V, S, F] TARGET: You; EFFECT: You can decipher magical inscriptions on objects-books, scrolls, weapons, and the like-that would otherwise be unintelligible. This deciphering does not normally invoke the magic contained in the writing, although it may do so in the case of a cursed or trapped scroll. Furthermore, once the spell is cast and you have read the magical inscription, you are thereafter able to read that particular writing without recourse to the use of read magic. You can read at the rate of one page [250 words] per minutute. The spell allows you to identify a glyph of warding with a DC 13 Spellcraft check, a greater glyph of warding with a DC 16 Spellcraft check, or any symbol spell with a Spellcraft check [DC 10 + spell level]. Read magic can be made permanent with a permanency spell. Abjuration 1 standard action 1 minute

[V, S, M/DF] TARGET: Creature touched; EFFECT: You imbue the subject with magical energy that protects it from harm, granting it a +1 resistance bonus on saves. [V or S] TARGET: one Fine object; EFFECT: You can make an unattended Fine flammable object catch on fire. This works as if you were using flint and steel except that you can use spark in any sort of weather and it takes much less time to actually

ignite an object. [SR:Yes (object); DC:16, Fortitude negates (object)] Conjuration (Healing) 1 standard action Instantaneous Close (55 ft.) CR:n 348 □□□□□Stabilize [V, S] TARGET: One living creature; EFFECT: Upon casting this spell, you target a living creature that has - 1 or fewer hit points. That creature is automatically stabilized and does not lose any further hit points. If the creature later takes damage, it continues dving normally, [SR:Yes (harmless): DC:16: Will negates (harmless):

CR:p.365

[V, S, DF] TARGET: Creature touched; EFFECT: With a touch, you infuse a creature with a tiny surge of life, granting the subject 1 temporary hit point. [SR:Yes (harmless)]

# LEVEL 1 / Per Day:6+1 / Caster Level:12

School Source \_\_\_\_Abundant Ammunition Conjuration (Summoning)

[V, S, WDF] TARGET: one container touched; EFFECT: When cast on a container such as a quiver or a pouch that contains nonmagical ammunition or shuriken [including masterwork ammunition or shuriken], at the start of each round this spell replaces any ammunition taken from the container the round before. The ammunition taken from the container the round before wanishes. If, after casting this spell, you cast a spell that enhances projectiles, such as align weapon or greater magic weapon, on the same container, all projectiles this spell conjures are affected by that spell. [SR:No]

□□□□□Air Bubble

[S, M/DF] TARGET: one creature or one object no larger than a Large twohanded weapon; EFFECT: Air bubble creates a small pocket of breathable air that surrounds the touched creature's head or the touched object. The air bubble allows the creature touched to breathe underwater or in similar airitess environments, or protects the object touched from water damage. A firearm within an air bubble can be loaded-assuming the black powder comes from a powder horn, a cartridge, or some other airtight protective device-and fired. When shooting such a firearm underwater, the shot still takes the standard -2 penalty on attack rolls for every 5 feet of water the bullet passes through, in addition to normal penalties due to range. If a firearm within the air bubble explosion occurs normally. [SR:Yes (harmless); DC:17, Will negates (harmless)]

1 standard action APG:p.202 □□□□□ Ant Haul [V, S, M/DF] TARGET: creature touched; EFFECT: The target's carrying capacity triples [see Table 7-4: Carrying Capacity on page 171 of the Core Rulebook]. This does not affect the creature's actual Strength in any way, merely the amount of material it can carry while benefiting from this spell. It also has no effect on encumbrance due to armor. If the creature wears armor it still takes the normal penalties for doing so regardless of how much weight the spell allows it to carry. [SR:Yes (harmless); DC:17, Fortitude negates (harmless)] Divination 1 minute Instantaneous □□□□□ \*Augury [V, S, M, F] TARGET: You; EFFECT: An augury can tell you whether a particular action will bring good or bad results for you in the immediate future. The base chance for receiving a meaningful reply is 70% + 1% per caster level, to a maximum of 90%; this roll is made secretly. A question may be so straightforward that a successful result is automatic, or so vague as to have no chance of success. If the augury succeeds, you get one of four results: . Weal and woe (for both). . Nothing (for actions that don't have especially good or bad results]. If the spell fails, you get the "nothing" result. A cleric who gets the "nothing" result. A cleric who gets the "nothing" result has no way to tell whether it was the consequence of a lailed or successful augury. The augury can see into the future only about half an hour, so anything that might happen after that does not affect the result. Thus, the result might not take into account the longterm consequences of a contemplated action. All auguries cast by the same person about the same topic use the same die result as the first casting. Enchantment (Compulsion) [Fear, Mind-Affec1 standard action 12 minutes 50 ft. CR:p.246 □□□□□ Bane [V, S, DF] TARGET: 50-ft.-radius burst, centered on you; EFFECT: Bane fills your enemies with fear and doubt. Each affected creature takes a -1 penalty on attack rolls and a -1 penalty on saving throws against fear effects. Bane counters and dispels bless. When walking on air, you ignore difficult terrain that is less than 1 foot high, you do not trigger effects based on weight [such as a pressure plate], and any creature trying to track you through areas you crossed with this spell takes a -10 penalty on its Perception or Survival check to do so. However, because of the instability of the air you walk on, your speed is reduced by 10 feet [to a minimum of 5 feet] and you take a -4 penalty on Acrobatics, Climb, and Ride checks. Creatures so affected cannot take violent actions (although they can defend themselves) or do anything destructive. Any aggressive action against or damage dealt to a calimed creature immediately breaks the spell on all calimed creatures. This spell automatically suppresses [but does not dispel] any morale bonuses granted by spells such as bless, good hope, and rage, and also negates a bard's ability to inspire courage or a barbarian's rage ability. It also suppresses any fear effects and removes the confused condition from all targets. While the spell lasts, a suppressed spell, condition, or effect has no effect. Transmutation [Water] 1 standard action UC:p.249 □□□□<u>Water Walk (Communal)</u> [V, S, DF] TARGET: creatures touched; EFFECT: This spell functions like water walk, except you divide the duration in 10-minute intervals among the creatures touched. The weapon gains a +2 sacred bonus on damage rolls, and if the weapon scores a critical hit, the target of that critical hit becomes shaken for 1 round with no saving throw. This is a mind-affecting fear effect. A ranged weapon affected by this spell applies these effects to its ammunition. You can't cast this spell on a natural weapon, but you can cast it on an unarmed strike. [SR:Yes (harmless, object)] Conjuration (Creation) □□□□□Web Shelter IV. S. [SR:No] Enchantment (Compulsion) [Mind-Affecting] 1 standard action 12 minutes CR:p.371 □□□□□Zone of Truth [V, S, DF] TARGET: 20-ft.-radius emanation; EFFECT: Creatures within the emanation area [or those who enter it] can't speak any deliberate and intentional lies. Each potentially affected creature is allowed a save to avoid the effects when the spell is cast or when the creature first enters the emanation area. Affected creatures are aware of this enchantment. Therefore, they may avoid answering questions to which they would normally respond with a lie, or they may be evasive as long as they remain within the boundaries of the truth. Creatures who leave the area are free to speak as they choose. [SR:Yes; DC:19, Will negates] 1 standard action ACG:p.174 □□□□□ Aura Sight Divination 12 minutes [D] Personal [V, S] TARGET: you; EFFECT: This spell makes your eyes glow and allows you to see alignment auras within 120 feet of you. The effect is similar to that of a detect chaos/evil/good/law spell, but aura sight does not require concentration, and it discerns an aura's location and power more quickly. You know the location and power of all chaotic, evil, good, and lawful auras within your sight. An aura's power depends on a creature's Hit Dice or an item's caster level, as noted in the description of the detect evil spell. If an item or a creature bearing an aura is in line of sight, you can attempt a Knowledge [religion] check to determine the aura's strength [one check per aura; DC 15 + spell level, or 15 + 1/2 caster level for a non-spell effect]. Aura sight can be made permanent with a permanency spell by a caster of 11th level or higher at a cost of 7,500 gp. Concentration Transmutation 1 standard action Close (55 ft.) Each turn, the target has a 50% chance to act normally; otherwise, it takes no action. You may also invent your own curse, but it should be no more powerful than those described above. The curse bestowed by this spell cannot be dispelled, but it can be removed with a break enchantment, limited wish, miracle, remove curse, or wish spell. Bestow curse counters remove curse. [SR:Yes; DC:19, Fortitude negates] APG:n 206 Blood Biography Divination 1 minute Instantaneous Touch [V, S, M/DF] TARGET: one creature's blood or one bloodstain; EFFECT: You learn the answers to a specific set of questions about a creature so long as you have access to at least one drop of its blood. You can cast this spell on the blood of the living or the dead, but living or undead creatures are entitled to a saving throw to resist the spell. You can cast the spell on dried or fresh blood. Once you cast the spell the answers to the following four questions appear on any flat surface you designate [a wall, a piece of paper, and so on]: Who are you? [The name by which the creature is most commonly known], What are you? 0, How was your blood shed? [Brief outline of the events that caused its wound, to the best of the victim's knowledge], When was your blood shed? These answers always appear in a language you can read even if the creature cannot speak that or any language. For the next two rounds following your casting of the spell, you must roll two dice each time a d20 roll is called for, keeping the less favorable result. Evocation [Force] 1 standard action 12 rounds [D] □□□□□Chain of Perdition [V, S, MDF] TARGET: 10-ft. chain; EFFECT: A floating chain of force with hooks at each end appears within an unoccupied space of your choosing within range. This chain is a Medium object that has a 10-foot reach. Physical attacks cannot hit or harm the chain of perdition, but dispel magic, disintegrate, a sphere of annihilation, or a rod of cancellation affects it normally. The chain's AC against touch attacks is 10 + your Charisma modifier [sorcerer], Intelligence modifier [wizard], or Wisdom modifier [cleric]. The chain can perform the dirty trick [blind or entangle], drag, reposition, and trip combat maneuvers, using your caster level in place of your Combat Maneuver Bonus, and your Charisma modifier [sorcerer], Intelligence modifier [wizard], or Wisdom modifier [cleric] in place of your Strength or Dextentity modifier. The chain does not provoke attacks of opportunity for making combat maneuvers. It suffers no penalty or miss chance due to darkness, invisibility, or other forms of concealment. As a move action, you can move the chain up to 30 feet. If the chain goes beyond the spell's range or out of your sight, it returns to you. If a creature that the chain attacks has spell resistance, you must make a caster level check [1d20 + caster level] against that spell resistance the first time the chain performs a successful maneuver against that creature. If the chain is successfully resisted, the spell is dispelled. If not, the weapon has its normal full effect on that creature for the duration of the spell. [SR2Yes] Evocation [Light] 1 standard action Permanent Touch CR:p.260 □□□□□Continual Flame [V, S, M] TARGET: Object touched; EFFECT: A flame, equivalent in brightness to a torch, springs forth from an object that you touch. Light spells counter and dispel darkness spells of an equal or lower level. [SR:No] 24 hours; see text Close (55 ft.) Food so created decays and becomes inedible after 24 hours, although it can be kept fresh for another 24 hours by casting a purify food and water spell on it. The water created by this spell is just like clean rain water, and it doesn't go bad as the food does. A dispelled spell ends as if its duration had expired. Some spells, as detailed in their descriptions, can't be defeated by dispel magic. Dispel magic can dispel [but not counter] spell-like effects just as it does spells. The effect of a spell with an instantaneous duration can't be dispelled, because the magical effect is already over before the dispel magic can take effect. You choose to use dispel hangic in one of two ways: a targeted dispel or a counterspell. Targeted Dispel. One object, creature, or spell is the target of the dispel magic is pell. You make one dispel check (1d20 + your caster level] and compare that to the spell with highest caster level. Touch

[V, S, M] TARGET: Object touched or up to 60 sq. ft.; EFFECT: This powerful inscription harms those who enter, pass, or open the warded area or object. A glyph of warding can guard a bridge or passage, ward a portal, trap a chest or box, and so on. You set all of the conditions of the ward. Typically, any creature entering the warded area or opening the warded object without speaking a password [which you set when casting the speaking to subject to the magic it stores. Alternatively or in addition to a password trigger, glyphs can be set according to physical characteristics [such as height or weight] or creature type, subtype, or kind. Glyphs can also be set with respect to good, evil, law, or chaos, or to pass those of your religion. They cannot be set according to class, HD, or level. Glyphs respond to invisible creatures normally but are not triggered by those who travel past them ethereally. Multiple glyphs cannot be cast on the same area. However, if a cabinet has three different drawers, each can be separately warded. When casting the spell, you weave a tracery of faintly glowing lines around the warding sigil. A glyph can be placed to conform to any shape up to the limitations of your total square footage. When the spell is completed, the glyph and tracery become nearly invisible. Glyphs cannot be affected or bypassed by such means as physical or magical probing, though they can be dispelled. Mislead, polymorph, and nondetection [and similar magical effects] can fool a glyph, though nonmagical disguises and the like can't. Read magic allows you to identify a glyph of warding with a DC 13 Knowledge [arcana] check. Identifying the glyph does not discharge it and allows you to know the basic nature of the glyph [version, type of damage caused, what spell is stored]. Note: Magic traps such as glyph of warding are hard to detect and disable. A rogue [only] can use the Perception skill to find the glyph and Disable Device to thwart it. The DC in each case is 25 + spell level, or 28 for glyph of warding. Depending on the version selected, a glyph either blasts the intruder or activates a spell. Blast Glyph: A blast glyph deals 1d8 points of damage per two caster levels [maximum 5d8] to the intruder and to all within 5 feet of him or her. This damage is acid, cold, fire, electricity, or sonic [caster's choice, made at time of casting]. Each creature affected can attempt a Reflex save to take half damage. Spell resistance applies against this effect. Spell Glyph: You can store any harmful spell of 3rd level or lower that you know. All level-dependent features of the spell are based on your caster level at the time of casting the glyph. If the spell has a target, it targets the intruder. If the spell has an area or an amorphous effect, the area or effect is centered on the intruder. If the spell summons creatures, they appear as close as possible to the intruder and attack. Saving throws and spell resistance operate as normal, except that the DC is based on the level of the spell stored in the glyph. [SR:No (object) and yes; see text: DC:19 See text]

You cannot determine the location of the area if you are on a different plane. The area counts as "very familiar" for the purposes of teleport or similar spells. [V, S, DF] TARGET: Ghostly hand; EFFECT: You create the ghostly image of a hand, which you can send to find a creature within 5 miles. The hand then beckons to that creature and leads it to you if the creature is willing to follow. When the spell is cast, you specify a person [or any creature] by physical description, which can include race, gender, and appearance but not ambiguous factors such as level, alignment, or class. When the description is done, the hand streaks off in search of a subject that fits the description. The amount of time it takes to find the subject depends on how far away he is, as detailed on the following table. Distance | Time to Locate 100 ft. or less | 1 round 1,000 ft. | 1 minute 1 mile | 10 minutes 2 miles | 1 hour 3 miles | 2 hours 4 miles | 3 hours 5 miles | 4 hours Once the hand locates the subject, it beckons the creature to follow it. If the subject does so, the hand points in your direction, indicating the most direct, feasible route. The hand hovers 10 feet in front of the subject, moving before it at a speed of as much as 240 feet per round. Once the hand leads the subject back to you, it disappears. The subject is not compelled to follow the hand or act in any particular way toward you. If the subject chooses not to follow, the hand continues to beckon for the duration of the spell, then disappears. If the spell expires while the subject is en route to you, the hand disappears; the subject must then rely on its own devices to locate you. If more than one subject in a 5-mile radius meets the description, the hand locates the closest creature. If that creature refuses to follow the hand does not seek out a second subject. It, at the end of 4 hours of searching, the hand bas found no subject that matches the description within 5 miles, it returns to you, displays an outstretched palm [indicating that no such creature was found], and disappears. The ghostly hand has no physical form. It is invisible to anyone except you and a potential subject. It cannot engage in combat or execute any other task aside from locating a subject and leading it back to you. The hand can't pass through solid objects but can ooze through small cracks and slits. [V, S, M/DF] TARGET: 10-ft.-radius emanation from touched creature; EFFECT: All creatures within the area gain the effects of a protection from evil spell, and evil summoned creatures cannot enter the area either. Creatures in the area, or who later enter the area, receive only one attempt to suppress effects that are controlling them. If successful, such effects are suppressed as long as they remain in the area. Creatures that leave the area and come back are not protected. You must overcome a creature's spell resistance in order to keep it at bay [as in the third function of protection from evil], but the deflection and resistance bonuses and the protection from mental control apply regardless of enemies' spell resistance. This spell has an alternative version that you may choose when casting it. A major circle against evil can be focused inward rather than outward. When focused pell binds a nongood called creature [such as those called by the lesser planar binding, planar binding, and greater planar binding spells] for a maximum of 24 hours per caster level, provided that you cast the spell that calls the creature within 1 round of casting the magic circle. The creature cannot cross the circle's boundaries. If a creature too large to fit into greater planar binding spells] for a maximum of 24 hours per caster level, provided that you cast the spell that calls the creature within 1 round of casting the magic circle. The creature cannot cross the circle's boundaries. If a creature to large to fit into the spells are as it he subject of the spell, the spell acts as a normal protection from evil spell for that creature only. A magic circle leaves much to be desired as a trap. If the circle of powdered silver laid down in the process of spellcasting is broken, the effect immediately ends. The trapped creature can do nothing that disturbs the circle, directly or indirectly, but other creatures can. If the called creature has spell resistance, it can test the trap once a day. If you fail to overcome its spell resistance, the creatures keep, destroying the circle. A creature capable of any form of dimensional travel [astral projection, blink, dimension door, etherealness, gate, plane shift, shadow walk, teleport, and similar abilities] can simply leave the circle through such means. You can prevent the creature cast stardimensional ascape by casting a dimensional anchor spell before the creature acts. If you are successful, the anchor effect lasts as long as the nagic circle does. The creature cannot reach across the magic circle, but its ranged attacks [ranged weapons, spells, magical abilities, and the like] can. The creature can attack any target it can reach with its ranged attacks except for the circle itself. You can add a special diagram at two-dimensional bounded figure with no gaps along its circumference, augmented with various magical sigils to make the magic circle more secure. Drawing the diagram by hand takes 10 minutes and requires a DC 20 Spellcraft check. You do not know the result of this check. If the check falls, the diagram is ineffective. [SR:Yes (harmless); DC:19, Will negates Necromancy [Language-Dependent] 10 minutes 12 minutes CR:p.346 [V, S, DF] TARGET: One dead creature; EFFECT: You grant the semblance of life to a corpse, allowing it to answer questions. You may ask one question per two caster levels. The corpse's knowledge is limited to what it knew during life, including the languages it spoke. Answers are brief, cryptic, or repetitive, especially if the creature would have opposed you in life. If the dead creature's alignment was different from yours, the corpse gets a Will save to resist the spell as if it were alive. If successful, the corpse can refuse to answer your questions or attempt to deceive you, using Bluff. The soul can only speak about what it knew in life. It cannot answer any questions that pertain to events that occurred after its death. If the corpse has been subject to speak with dead within the new spell fails. You can cast this spell on a corpse that has been deceased for any amount of time, but the body must be mostly intact to be able to respond. A damaged corpse may be able to give partial answers or partially correct answers, but it must at least have a mouth in order to speak at all. Mud, oil, snow, quicksand, running water, ice, and even lava can be traversed easily, since the subjects' feet hover an inch or two above the surface. Creatures crossing molten lava still take damage from the heat because they are near it. The subjects can walk, run, charge, or otherwise move across the surface as if it were normal ground. If the spell is cast underwater [or while the subjects are partially or wholly submerged in whatever liquid they are in], the subjects are borne toward the surface at 60 feet per round until they can stand on it. It is 2 feet thick and of considerable strength. It is a roaring blast sufficient to blow away any bird smaller than an eagle, or tear papers and similar materials from unsuspecting hands. [A Reflex save allows a creature to maintain its grasp on an object.] Tiny and Small flying creatures cannot pass through the barrier. Loose materials and cloth garments fly upward when caught in a wind wall. Arrows and bolts are deflected upward and miss, while any other normal ranged weapon passing through the wall has a 30% miss chance. [A giant-thrown boulder, a siege engine projectile, and other massive ranged weapons are not affected.] Gases, most gaseous breath weapons, and creatures in gaseous form cannot pass through the wall [although it is no barrier to incorporeal creatures]. While the wall must be vertical, you can shape it in any continuous path along the ground that you like. It is possible to create cylindrical or square wind walls to enclose specific points. Transmutation [Air] 1 standard action 120 minutes Touch CR:p.239 □□□□□ Air Walk

[V, S, DF] TARGET: Creature [Gargantuan or smaller] touched; EFFECT: The subject can tread on air as if walking on solid ground. Moving upward is similar to walking up a hill. The maximum upward or downward angle possible is 45 degrees, at a rate equal to half the air walker's normal speed. A strong wind [21+ miles per hour] can push the subject along or hold it back. At the end of a creature's turn each round, the wind blows the air walker 5 feet for each 5 miles per hour of wind speed. The creature may be subject to additional penaltites in exceptionally strong or turbulent winds, such as loss of control over movement or physical damage from being buffeted about. Should the spell duration expire while the subject is still aloft, the major fails slowly. The subject floats downward 60 feet per round for 1d6 rounds. If it reaches the ground in that amount of time, it lands safely. If not, it falls the rest of the distance, taking 1d6 points of damage per 10 feet of fall. Since dispelling a spell effectively ends it, the subject also descends in this way if the air walk spell is dispelled, but not if it is negated by an antimagic field. You can cast air walk on a specially trained mount so it can be ridden through the air. You can train a mount to move with the aid of air walk [counts as a trick: see Handle Animal skill] with 1 week of work and a DC 25 Handle Animal check. [SR:Yes (harmless)]

[V, S, M, FIDF] TARGET: Living creature touched; EFFECT: This spell removes the burden of misdeeds from the subject. The creature seeking atonement must be truly repentant and desirous of setting right its misdeeds. If the atoning creature committed the evil act unwittingly or under some form of compulsion, atonement operates normally at no cost to you. However, in the case of a creature atoning for deliberate misdeeds, you must interced with your deity [requiring you to expend 2,500 gp in rare incense and offerings]. Atonement may be cast for one of several purposes, depending on the version selected. Reverse Magical Alignment Change: If a creature has had its alignment magically changed, atonement returns its alignment to its original status at no additional processor of the class who has bother class, who has lost her class features due to violating the alignment restrictions of her class may have her class features restored by this spell. Restore Cleric or Druid Spell Powers: A cleric or druid who has lost the ability to cast spells by incurring the anger of her deity may regain that ability by seeking atonement from another cleric of the same deity or another druid. If the transgression was intentional, the casting cleric must expend 2,500 gp in rare incense and offerings for her god's intercession. Redemption or Temptation: You may cast this spell upon a creature of an opposing alignment in order to offer it a chance to change its alignment to match yours. The prospective subject must be present for the entire casting process. Upon completion of the spell, the subject freely chooses whether it retains its original alignment or acquiesces to your offer and changes to your alignment. No duress, compulsion, or magical influence can force the subject to take advantage of the opportunity offered if it is unwilling to abandon its old alignment. This use of the spell does not work on outsiders or any creature incapable of changing its alignment naturally. Though the spell description refers to evil acts, atonement can be used on any creature that has performed acts against its alignment, regardless of the actual alignment in question. Note: Normally, changing alignment is up to the player. This use of atonement offers a method for a character to change his or her alignment drastically, suddenly, and definitively. [SR:Yes]

[V, S] TARGET: Creature touched; EFFECT: This spell cures 5d8 points of damage + 1 point per caster level [maximum +25]. If cast upon a creature that has died within 1 round, apply the healing from this spell to the creature. If the healed creature's hit point total is at a negative amount less than its Constitution score, it comes back to life and stabilizes at its new hit point total. If the creature's hit point total is at a negative amount equal to or greater than its Constitution score, the creature remains dead. Creatures brought back to life through breath of life gain a temporary negative level that lasts for 1 day. Creatures slain by death effects cannot be saved by breath of life. The answers given are correct within the limits of the entity's knowledge. 'Unclear' is a legitimate answer, because powerful beings of the Outer Planes are not necessarily omniscient. In cases where a one-word answer would be misleading or contrary to the deity's interests, a short phrase [five words or less] may be given as an answer instead. The spell, at best, provides information to aid character decisions. The entities contacted structure their answers to further their own purposes.
